

Exploring Scotland with a Scottish Guest

On the morning of 4th May, we attended a presentation about Scotland. A Scottish man came to Antoine of St Exupéry secondary school. His name was Gavin Anderson. He was wearing the full Scottish outfit. He had taken his bagpipes with him and he explained how to play the bagpipes. Then he played them. Besides he asked us questions about the posters we created. We also watched three short movies about Scotland: its history, its castles, its mountains, its landscape.
